

# West Texas Trip

## *Cool Adventure Awaits You*

Dear Mr. Kaplan,

I have the pleasure of living in West Texas – a beautiful, extremely unique part of Texas. We have wide-open spaces, grand mountains, picturesque canyons, and breathtaking sunsets. The people here are so friendly -- you're sure to be welcomed with a true "Texas smile" and unsurpassed hospitality. There is no place on Earth like West Texas!

Two years ago I got stationed in Odessa, TX as an Air Force Recruiter. My family and I have loved living in West Texas ever since. There is so much to see and do in Midland and Odessa. One of my favorite things to do is to go to the American Airpower Heritage Museum. Here I can walk around and listen to real oral history's from the men and woman who lived it. One of my favorite places to stop off is the Nose Art® Gallery and visit all "the girls". My favorite is Sack Time. Just knowing that men painted these planes as a tribute to their wives or girlfriends to help them get through WWII makes me shiver. I'm proud to serve in the military just like them to help protect our rights.

Sincerely,

Staff Sergeant Scott Borlinghaus
