

West Texas Trip

Cool Adventure Awaits You

Dear Mr. Kaplan,

I have the pleasure of living in West Texas – a beautiful, extremely unique part of Texas. We have wide open spaces, grand mountains, picturesque canyons, and breath-taking sunsets. The people here are so friendly – you’re sure to be welcomed with a true “Texas smile” and unsurpassed hospitality. There is no place on Earth like West Texas!

Everyone should have the joy of experiencing this region at least once in their life and I wanted to share with you my favorite thing about West Texas.

I love going to the *Celebration of the Arts* in Midland, Texas. The reason it’s my favorite thing about West Texas is that this is an event where I can find high quality, one-of-a-kind art from artists all over the United States – vibrant paintings of the landscapes, photographs of cowboys, hand-made stone jewelry, sculpted bowls...the list is endless. And all of this is accompanied with live music performances, delicious food and a marathon. What a great get-away!

I encourage everyone to come and experience West Texas for themselves and see what the excitement is all about!

Sincerely,
Your Friend in West Texas,

Brenda Kissko
