

# West Texas Trip

## *Cool Adventure Awaits You*

Dear Mr. Kaplan,

I have the pleasure of living in (or visiting) West Texas – a beautiful, extremely unique part of Texas. We have wide open spaces, grand mountains, picturesque canyons, and breath-taking sunsets. The people here are so friendly – you’re sure to be welcomed with a true “Texas smile” and unsurpassed hospitality. There is no place on Earth like West Texas!

Everyone should have the joy of experiencing this region at least once in their life and I wanted to share with you my favorite thing about West Texas. I love the CAF Airpower Museum in Midland, Texas. The reason it’s my favorite thing about West Texas is because I can see WWII airplanes and meet veterans like Dean.

I encourage everyone to come and experience West Texas for themselves and see what the excitement is all about!

Sincerely,  
Your Friend in West Texas,

Gus Riggs
