

# West Texas Trip

## *Cool Adventure Awaits You*

June 17, 2008

Dear Mr. Kaplan:

I have had the most amazing experience living in West Texas or Midland, TX to be more specific. The people, the small town atmosphere and the community events that await you Midland are what keep me and my family here for years to come. My most favorite thing about West Texas is the annual 4<sup>th</sup> of July event held in Downtown Midland. It is called the Star Spangled Salute and each year the event brings in patriotic bands, Texas country bands, and all sorts of children's activities for the whole community to enjoy while celebrating the Independence of the United States. This event focuses on family and all the wonderful down to earth people we have all over West Texas. Along with the 4<sup>th</sup> of July event there are many other organizations that hold their own event downtown. Each town should be proud of their downtown and we like for everyone in the Midland community to experience it along with enjoying a little entertainment.

I would encourage everyone to come to Midland and experience at least the 4<sup>th</sup> of July event we hold downtown. Once you see for yourselves you will keep coming back for more!

Sincerely,

A West Texas Lifer!!

Natalie Shelton
